

Shown with optional chrome plated metal parts.

BRIDGEPORT™ BTA SERIES CHAIRS

Cast aluminum base/concave seat/backrest with lumbar support.

Bridgeport chairs are recommended for the following environments: industry, education, laboratory, clean room, static control, healthcare and office.

Each chair within this series features a different base to meet varied environmental and budget demands. Select options like seats, backrests, armrests, casters and glides. Performance packages are generally for high-tech (static control and/or clean room) applications.

STANDARD FEATURES

Backrest: 14.5" wide x 9.5" high, lumbar support, plastic protective panel.

Seat: Concave, 18.5" wide x 16.5" deep x 3" thick with internal seatboard bumperguard.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

Base: High-profile, Euro-style cast aluminum base with 25.6" diameter; T-shape construction provides added strength and facilitates easy cleaning.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Fire Retardant: Meets California Technical Bulletin 117; treatment to meet CAL 133 is available as an option.

Upholstery: A wide range of vinyl and fabric upholstery options are available to meet your needs.

Metal Parts: Bridgeport BTA Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code (aluminum base has a polished top with the C option).

Warranty: 13 years.
